Hatred rots in your veins
Gaining from Humanities pain
Walking a path unforgiven
Destroying our lives
Trading pain for fortune
Twisting the knife

Toxic spills uncontained
Creator of mutants so vain
Raping packs that are given
Ignoring the cries
Changing humanities future
Innocence dies

The corporate decides
The buys that divide
Alters our lives
Spawning the lies

Victims awaiting to die
Shrouds of a cross undevine
Walking a path unforgiven
Destroying our lives
Trading humanities future
Innocence dies

The corporate decides
The buys that divide
Alters our lives
Spawning the lies

Corporate messiah
