Here I lay rotten  
Dreams of hers forgotten  
Inside this virgin layer  
I am the Legion of Terror  
Slowly rotten  
Dreams are forgotten  
Inside her stare  
The Legion of Death exist there  
The Demon has her in Possession  
To claim this virgin for Collection  
Begin now the resurrection  
Her body rots with infection  
Holy Words of Exorcisms  
To clean the demon's possession  
Fucking; Raped by God  
Purge the Demon  
From her with my semen  
I the preacher  
Have God's word to teach her  
I, The Demon, see through your fake healing  
Your obsession to fuck caused this infection  
Unholy Vision  
Betrayed the holy mission  
God's protector  
Fucked her from Protection  
Possession  
The demons in her eyes  
Infection  
The venom between her thighs  
Obsession  
Has opened the preacher's eyes  
Collection  
Christ is now denied
