Be the witness of the birth
The end of time
Inner thoughts perception of
The end of life
Master of our creation turn
The sands of time
Legions of our deception
Bring forth wars of lies

Declaration
Hunger for the wars we're bringing
Masters will be also feeding
Desecration
Mother earth inside she's bleeding
From the pain that we are seeding
Implantation
Suffer the life we're leading
With the toxins so insulating
Devastation
Pay for wars that are proceeding
Suffer from our own deceiving

Lethal torment forcing nature
To bring forth her redemption
Power overwhelming
Forces bringing slaughter
Torture for the breeders of
Her condition

Feed the masses supremacy
Kill the masses her once proud breed
Slay the takers of life supreme
Feel our natures insanity
Genocide will now make her free
Hell fires burn the scorn deity

Declaration
Hunger for the wars we're bringing
Masters will be also feeding
Desecration
Mother earth inside she's bleeding
From the pain that we are seeding

Implantation
Suffer the life we're leading
With the toxins so insulating
Devastation
Pay for wars that are proceeding
Suffer from our own deceiving
