Visit "[Rite To Die](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Sentenced to be their slaves  
Brainwashing sryum  
Injected in your veins  
Twisted addiction

Master of your own torment  
Choosing a view  
Misconceived by deception  
Ignoring the pain

You wait, we choose to die  
We won't follow the lie

Butchery of truth  
The massive collective  
Mutant race of fools  
Death won't forget you

Master of my own torment  
I've seen the light  
Chose to die with my freedom  
Take my own life

Master of your own torment  
Choosing a view  
Misconceived by deception  
Ignoring the pain

You wait, we choose to die  
We won't follow the lie

Right to die
