Sleeping virus lost in time
Geneticly inbred all will die
Neglect the way the world has sinned
Prepare repent the way we lived

Silent

Extinction the way the earth will live
Viral eruption mother will give
Alone again she will be
Desolate mass soon to be

Silent

Suffer for your sins
Repent the way you lived

Sleeping virus lost in time
Geneticly inbred all will die
Neglect the way the world has sinned
Prepare repent the way we lived
