Study, Analyze  
Mutations of mankind  
Wonder, What is to come  
Twisted; your fucking son  
Tortured Existence  
In this World  
Stripped of life's blood  
A poisoned womb  
Tortured Existence  
In this World  
Her system's nearly dead  
Corrupted ground  
You'll die one at a time  
Your fate is this lie  
Tortured Existence  
In this World  
Stripped of life's blood  
A poisoned womb  
Tortured Existence  
In this World  
Stripped of it's lifeblood  
Our mother's polluted poisoned womb  
Children suffer from what we have done  
Bodies lie rotting  
From the Sun  
They are examples of this world  
Tortured Existence  
Just deserved  
Wake up, Reality a dream  
Twisted inside your games  
Victims of past undone  
Crippled by their son
