Infestation Of Salvation

Tainted in search of ancient salvation  
Beneath the sleepless rain  
Awake the dark lord of death  
Bless and revoke the reaper

Infestation of salvation  
Existence of your god is a lie  
Infestation of salvation  
Lord jesus christ we condemn  
Infestation of salvation  
Travel on the seas of blood

Isolation, vomit in your chamber  
With no light  
Imprison your mind and await the salvation  
End of god forever,  
Infestation of heaven  
Infestation of salvation
