In the beginning of myth & time  
Under the knowledge tree lies  
The serpent & Eve's vulva

Penetration-(Eve)  
The beginning-(the sin)  
The serpent-(the flesh)

With her life created to the sin  
Along pleasure & not to engender  
The serpent gets close & touches her feel  
As well as it did later with Mary

Love, devotion & reason  
Are the clauses to eliminate bestiality  
But forgotten to enjoy anal sex  
Are the keys to condemn humanity

The serpent Eve  
Ancestor of the world  
Exile from paradise  
Mary wanted

[Chorus:]  
Her innocence sold  
Through the god  
Penetrated & fertilized  
The descent from Adam

Creator of sin  
And the mediating of the beast  
Got the wisdom  
That his own creator

[Chorus]

Your perfect god  
Powerful-compassionate  
Creates a female  
To be condemned

The serpents shows her

The pleasure in her body  
The real path of perdition

The god is ashamed  
Of her naked body  
And her taste for pleasure  
That makes her forget

Her faith in Him

Perdition  
Lust  
Eve's shame disgrace
