There was a boy and a girl that we knew through my school  
They were head over heels for the things that we do  
They used to follow us down to the corner store  
They'd say "Buy us a song today"

And everyone else started asking around  
They said they this song is "The song is a hit!"  
They'd say they like that sound

Well guess what?  
You're in luck, 'cause they're playing tonight  
Yeah that's right; they're playing tonight  
Put your arms to the sky

Sing!  
Shout it out at the top of your lungs  
And follow along while we sing this song to you and only you  
Can put this tension aside  
And throw it out the door,  
And throw it out and just...

Well hey Jacob wont you play me that song?  
He says "she can't get enough!"  
He says he thinks she's in love.  
And Whoah oh,  
I just want, I want to go back to the feel of crowds and music  
Baby that's where it's at.  
They had us all clapping our hands at the sound of catchy choruses and screaming fans

Well guess what?  
You're in luck, 'cause they're playing tonight  
Yeah that's right; they're playing tonight  
Put your arms to the sky

Sing!  
Shout it out at the top of your lungs  
And follow along while we sing this song to you and only you

Can put this tension aside  
And throw it out the door,  
And throw it out and just shake it up,  
Throw your hands in the air and wave them side to side  
like you just don't care  
Yeah you like that, yeah we remember those days  
Where nothing ever mattered so we'd just sing this  
song for you

Shout it out at the top of your lungs  
And follow along while we sing this song to you and  
only you  
Can put this tension aside  
And throw it out the door,  
And throw it out and just shake it up,  
Throw your hands in the air and wave them side to side  
like you just don't care  
Yeah you like that, yeah we remember those days  
Where nothing ever mattered so we'd just sing this  
song for

Shout it out at the top of your lungs  
And follow along while we sing this song to you and  
only you  
Can put this tension aside  
And throw it out the door,  
And throw it out and just shake it up,  
Throw your hands in the air and wave them side to side  
like you just don't care  
Yeah you like that, yeah we remember those days  
Where nothing ever mattered so we'd just sing this  
song for you
