

Thorns Of The Carrion "Farewell"

Strange way it goes
Unable, to change
Hurt, hurt is the bare truth
My life outliving yours
Reminder of time
Your life too short
Despair, the bare truth
Your life before mine
Strange way it must go
Your life too short
Holding and keeping
Forever to be
Holding and keeping
Stay with me
Strange way it is gone

Unable, to believe
Hurt, hurt is the bare truth
My life outliving yours
Reminder of time
Your life too short
Despair, the bare truth
Your life before mine
Strange way it must go
Your life too short
Holding and keeping
Forever to be
Holding and keeping
Stay with me
