Faith, religion, leader, chaos,
Fear
As in future, as in past
Will this darkness come to last?
Hear the voices cry for hope
The ideas for the new era
Call for leader, loss of faith
The desire for a generation pure
Call for leader, loss of faith
The desire of a generation lost

Decadence in religion
Leader through chaos
Faith,
Desire,
Confusion,
War
Afraid of the future, desire for past
Will these fears ever come to last?
See the people act in decadence
Pride will have a fall
War, faith, religion and chaos
The third one is yet to come
