Will I ever be, who you want me to be
Will I ever want, what you want me to want
Am I going to ever be like you
Why is it to be, that I can't be me
I can do just fine, I will be just fine,
without you here with me
I will probably live, live a richer life
without your good advice

Nothing you can say to change my feelings
Nothing you can do to change my actions
Got to prove to live, got to live to prove
I know how you must feel
Is it just too much? It is all too much
I want to be me
You should be me, then you will see
It is not easy
I want to be me
