Farmland is the middle of nowhere.  
They run their car 'till it's dead.  
The smell of shit fills the air.  
Farmland as far as the eyes can see.  
Popping the hood with no clue of what to do.  
She knows he doesn't have the slightest clue just from  
his eyes.  
He goes to find help, tells her to wait in the car.  
Miles pass, he sees the light he's looking for.  
Three swift knocks at the door when she answers.  
He sees with surprise an old woman with kindness in her  
eyes,  
"My car is dead down the road, can we get some  
help?"  
"Come right in, son. We'll see what we can do."  
Pa comes down, whispers in her ear.  
Total mood change just that fast.  
They get the truck, they return and say,  
"We insist you stay for some supper."  
They dig in, unknowing what's to come.  
Waves of black flash over their eyes.  
He falls as he tries to stand up.  
"We've spiked your drinks, now you're fucking dead."

He wakes up tied down to a bed,  
Screams from the next room.  
There's nowhere to run.  
Suddenly, the screams stop with a thud.

Suddenly, the door opens,  
With grandma holding his love's head in her hands.  
She moves it up and down his body,  
With a new look in her eyes.  
Screams come from his mouth.  
Pa comes in and cuts his tongue out.  
Love fills the air as they both cut him up.  
When they're done they throw him in a tub.  
"Take him to the barn, feed him to the pigs!"  
His living body; being eaten away.  
Whispering sweet nothings in each others' ears.  
Hugging and kissing until he's good and dead.
