An Appartion Of Vengeance

A spiritform of malevolence
An anime of fury
A vehicle of vengeance
A servant of my magic

The spirit of my rageunleashed
Roaming the freezing night sky
A pure form of destruction
A mindless slave of darkness

[Chorus]

Go forth my hand of violence
Avenge and please your master
I bind your will with sorcery
I move your claws with anger

Bring me their heads, bring me their eyes
Bring me their hearts in bloodshed
Impale them onto wooden spears
Destroy their homes and shelters

Indulge them into suffering
Excruciating torments
And leave my trace on their skin
As mark of my revenge
