Orgia Daemonicum

A heathen sexual vibe
Twists and moves inside them
Spawned by demon seed
The smell of angel's cunt

A fornicating madness
A vulgar incantation
Of lust and gods unknown
Primiordial daemonium

[Chorus]
Orgia daemonicum
The twisted sexual instict
Orgia daemonicum
Unpure dionysian fire

Bodies swirl and turn
Melting into one
Violent fornications
Of sweat and blood and cum

The kundalini power
Exploding, decompressed
A red and sinful goddess
Of pleasure and dark pain
