The Gnostic Code

Carried among the occult sects
Guarded and treasured like the grail
Hidden in books and paintings
The code remained in silence

The templar knights have kept their word
And sealed the secrets of the code
The church tormented them to death
But none of them betrayed it

[Chorus]
Hidden in the scrolls
An the forbidden gospels
Encoded into works of art
The invisible empire

The holy blood the holy grail
The essence of the christian god
The sacred marriage of his son
Are well concealed in darkness

But now the time has come for truth
A time of revelations
The church will crumble into dust
Their lies will be revealed at last
