Flower don't cry tonight. Raspberries kissed your
Melting face. Flower please hold me tight. Caress my
Skin, blended as one. All wrong. My lover's gone. All
Wrong. I've lost her in the cornerstone of time. Tart
meat
Cuts emerald lips. Parts and slits. Flower is sky.
Raspberry feels cannot heal. Bleeds his soul. Kicks in
her
Teeth. All wrong. My lover's gone. All wrong. I've lost
her
In the cornerstone of time. Love? All wrong. My lover's
Gone. All wrong. I've lost her in the cornerstone of time.
All wrong. My mind is gone. All wrong. I've splattered it
To the stars to the grave. All wrong.
