I've been searching
Wandering and hurting
Ashamed of the shape I'm in
Afraid You'll see who I really am

You invite me in
Doesn't matter where I've been
Your arms are open wide
There's nothing left to hide
You invite me in
Doesn't matter who I've been
Your arms are open wide
Pulling me to Your side

How can this be
A love so unfailing?
Reached down and lifted me
From ashes to beauty

You invite me in
Doesn't matter where I've been
Your arms are open wide
There's nothing left to hide
You invite me in
Doesn't matter who I've been
Your arms are open wide
Pulling me to Your side

I am walking away
From the life I once knew
And running into Your
Grace, that covers my shame
Again and again
I find my life in You

You invite us in
Doesn't matter where we've been
Your arms are open wide
There's nothing left to hide
You invite us in
Doesn't matter who we've been
Your arms are open wide

Pulling us to Your side

Your arms are open wide
