The trouble with truth is it never lies  
And the trouble with wrong is it's never right  
So I rest my head under Your light  
The trouble with peace is it never fights  
And the trouble with is it's always blind  
I want to walk to the edge of it tonight  
And I fall down

I'm on my knees  
'Cause You're everything I need  
And I've made a mess of myself on my own  
Now I am on my face  
And I'm calling out Your name  
And I won't run away  
'Cause I'm already home

The trouble with tears is that they dry  
And the trouble within's made me wanna cry  
I've never felt so much like I'm alive  
I wanna open my eyes and Your face  
If I had to wait a thousand days  
I'll still be right here right next to You  
And I fall down

I'm on my knees  
'Cause You're everything I need  
And I've made a mess of myself on my own  
Now I am on my face  
And I'm calling out Your name  
And I won't run away  
'Cause I'm already home

And I know I haven't always been  
Where You wanted me  
I'm standin' here, arms out  
Broken down  
Before You

And I know I haven't always been  
Where You wanted me  
I'm standin' here, arms out

Broken down

I am on my knees  
'Cause You're everything I need  
And I've made a mess of myself on my own  
Now I am on my face  
And I'm calling out Your name  
And I won't run away  
'Cause I'm already home
