It's been suppressed and kept hidden,
But I feel compelled to point out
That history's demonstrated lack of maturity in the
power scene.
So we must be on our guard for this condition in our
present age
Unless we wish to fall victim to this historical normality.

Be on your guard - the ever-watchful one.
Don't wait 'til it's too late.
History is on our side; don't wait until it's too late.

Are you willing to pay a price you can't afford?
Are we willing to pay a price we can't afford?

So will you watch with me?
'Cause history is not black and white; it's all shades of
gray.

So will you watch with me?
Yes we will!
