(Chorus)

Let's keep it moving in a forward motion,
If we can hold on, we can cross this ocean
There's no sence in lettin' our emotions
Get in the way untill the door keeps closin' (2x)

If we sort this out, would we know how
To live like we were different?
I know we've both had some doubts
Wether things would come around
And look at us now

(Tag) I'm not trying to tell you how to live your life, but
(Chorus)

I never though, we'de doubt, wether this world
Would come around and work itself out
But it's more than a sound,
When it moves everyone around,
Are you ready now?

(Tag, chorus)

I wont be afriad, Your hands, they cover me. It's so
worth it
I can't let it fade, my hands are high and raised, 'cause
it's worth it

And I'm not trying to tell you (3x) how to live your life,
but
(Chorus)
