I told them haters hate on, Three 6 Mafia strong
Stronger than ever, ever since they've been gone I've
been better
Ffuck them fakers and them tag along fakers
Smilin? in my face but got my enemy on your MySpace

I can? t understand how these niggaz live with theysel
Deal with theysel, what they need to do is kill theysel
Blaow, suicide is a good [Incomprehensible]
At your funeral for free I play the piano

Rest in pieces, you niggaz shriek like breezes
Got mo' crosses than churches, heart smaller than a
fetus
You need us, you're nothin?, you're zero, you're zip,
you're nada
I'm 22 on the Rolls, you da hubcaps on an Impala

I'ma creep up on this fool, put this gun to his head
Tell him give me all your jewelry, all your dope, all your
bread
All the coke that you brought in, the weed that you
brought in
And if I can? t get answers say hello to my lil' friend

You fakin? like you ball and brawl and shot call
I'm that fool that break jaws and all the state laws
Stupid rappers get your check, buy rims and what's
next?
Need to get a place to live, a crib? cause you ain't shit

With your mix-tapes, niggaz hate, say they real, but
they ain't
Catch them somewhere face to face then they run from
place to place
Club hoppin?, mall shoppin?, getting? hot, sales
droppin?
Now, you wanna sober up and tell these niggaz you got
fucked, yeah
