It used to be an old convenience store
bored up for about 10 years
when i seen it i knew it was as good as gold
built it up from nothing
most mutherfuckas cant do what i did
do you know whats wrong with average mutherfucka?
Is that they fail to see the big picture
All they want to do is ride around in a fancy car, buy
some expensive jewelry
or show off a big bank roll to impress some bitch
But thats the shawt chesse

Security Guard
The shawt cheese
