Dig this, right?  
A nigga caught a few bullshit charges  
When he was young, right?  
So now these motherfuckin' folks  
Don't wanna give me a job, ya hear?

But dig this, now these motherfuckin' police  
Wanna find me a new place to stay  
'Cause I'm on the corner, posted, sellin' yay  
But they gon' have to deal with it  
'Cause I gotta motherfuckin' live with it, ya hear?

I'ma work this trap and give a damn about these hoes  
'Cause I'm damned if I do, I'm damned if I don't  
If you give me a yard I'ma give a eight of blow  
'Cause I'm damned if I do, I'm damned if I don't

Call me the corner man, corner, corner man  
Find me on the corner, man, on the corner, man  
Call me the corner man, corner, corner man  
Find me on the corner, man, on the corner, man

I'm a Memphis, Tennessee, first 48'er  
Give a damn 'bout these hoes give a damn 'bout these  
haters  
If ye ain't talkin' money you can see a nigga later  
You can catch me in the South, on my bank, fuckin'  
papered up

Bitch, I sell white but I still do white  
But at the end of the night I still give my price  
And I get my money like a bee get honey  
I got my profit even though some of it I done it

'Cause a nigga can't work no 9 to 5  
I got charges but I gotta stay alive  
And that's on e'rythang, you know a nigga gotta eat,  
mayne  
And I'ma do it even if it's due to cocaine

I'ma work this trap and give a damn about these hoes  
'Cause I'm damned if I do, I'm damned if I don't

If you give me a yard I'ma give a eight of blow  
'Cause I'm damned if I do, I'm damned if I don't

Call me the corner man, corner, corner man  
Find me on the corner, man, on the corner, man  
Call me the corner man, corner, corner man  
Find me on the corner, man, on the corner, man  
(I'ma tell you some shit right here, real shit nigga)

It's a lot of fake-ass niggaz that be scared to bust  
They hear them choppers then they back on up and  
shut the fuck  
They say they shippin' ki's, a hundred percent of that is  
cut  
They say they in the game but niggaz takin' it up the  
butt

So quit lyin' and kick it, thinkin' you impressin' us  
I bet you workin' with the feds and the blue crush  
He smell the powder pack, then he wanna get loud and  
cuss  
Nigga, sit yo' snitchin' ass down 'fore you gettin' it up

Real niggaz on the corner, they don't have to talk  
'Cause they walk the walk, while yo' bitch-ass gettin'  
caught  
I watched the first 48 on TV, Memphis raw  
They informed the police, cryin' and shit, mayne fuck  
don't work

I'ma work this trap and give a damn about these hoes  
'Cause I'm damned if I do, I'm damned if I don't  
If you give me a yard I'ma give a eight of blow  
'Cause I'm damned if I do, I'm damned if I don't

Call me the corner man, corner, corner man  
Find me on the corner, man, on the corner, man  
Call me the corner man, corner, corner man  
Find me on the corner, man, on the corner, man
