Your mother was a wrinkly old bitch
she came up to me and told me she had an itch
then she bounced me on her bed
and started to give me head

i fisted your mother
her pussy was like no other
i fisted your mother
for lubrication i used butter

the very next day i saw your daddy
he was hangin downtown with his prostitute woman
named patty
he started to fuck her up the ass
then right there i looked back
i saw your bitchy mother and fisted her in front of your
father

i fisted your mother
her pussy was like no other
i fisted your mother
for lubrication i used butter
