Stompin out the streets like im in a fuckin dayz thinking how the hell im I gonna get paid. And the world goes round so I never know whats goin down so I mixed the alaza with the nj and crown. Never ever in my life have I cross a true friend. Never ever have blamed a nigga on how he made his ins. See a nigga that's with the under information. Tell that shit will put you under investigation. Real niggas don't play and betray the be secret. If you call your self a killer than go ahead and be it. If your black and your down the pull your nuts and stick together. Cause I never knew a nigga that siad hes gonna live forever.
