We up all night
(We hip, we hip)
We high off that white, we smokin' that weed
(We hip, we hip)

Them eyes be tight, we drinkin' them fifths
(We hip, we hip)
We pimpin' a bitch our grills are gold
(We hip, we hip)

Our nose be
(Sniff)
We carried them glocks
(We hip, we hip)
Our hustle is rocks, consumers or junkies
(We hip, we hip)

The blockies I start, if smaller or bigger
(We hip, we hip)
We drinkin' them triggers
'Cause everybody wanna be a gangsta, nigga

I can't stand a sorry nigga tryna act like he tough
When he at the D&D he wanna act like he buff
On the parking lot he becking tryna act like he stuck
Showing out in front of hoes tryna act like he cut

If it's money lookin' funny he goin' act like he must
Tell his boys he made a stain meaning act like he bust
On a nigga on dem things meaning act like he touch
Said he missed em when he shot meaning act like he
ducked

Met a super bad bitch he wanna act like he fucked
Said he got the chewing first he wanna act like she
sucked
Ridin' other niggas Rovers tryna act like his truck
Selling other niggas dope tryna act like his stuff

On them heavy niggas dick you better act like you up
He just a fagot pussy whip you better act like enough
Just because he just a lemon he a act like he us

Fallen weak for chicken women nigga act like you
rough
