I'm so high  
All I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

I'm so high  
All I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

I'm so high  
All I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

I'm so high  
All I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

I fuss wit' that light green, I fuss wit' that drizzle, hoe  
I puts fire to the tail, I smokes till it is no mo'  
I fuss wit' this hotel, I got towels to the do'  
I fuss wit' this freaky hoe that's down fo' the dick and  
blo'

I'm blazin' this sticky, but never mixing it wit my coke  
This one right here for the nose, this one right for the  
smoke  
This one right here rolled in dollars, this one right here  
rolled in blunt  
I'm taking shit from the vics, I'm wielin' like nigga's  
stunt

1st you get the Swishers, 2nd buy the liquor  
3rd buy some of that sticky stick, most smokers call it  
sticker  
Can't forget the New ports, somethin' long not too short  
Call my nigga Big Tris, bring that blow and snizort

I'm high as fucking Lizzy, I'm stressin' how I'm livin'  
Oh please, oh please, oh please, just gimme just one

mo' hizzy  
This hydro weed I got some, I might blow you a  
shotgun  
But if you can't play hizzap, I guess yo ass don't want  
none

I'm so high  
All I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

I'm so high  
All I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

I'm so high  
All I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

I'm so high  
All I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

Give me weed, give me green, give me somethin' wit  
no seed  
Give me somethin I can break down wit no sticks, ya  
understand me?  
It don't makes no D if its kind bud or bud  
Just gently give it to me and my hand will gently touch

In yo hand you will see it's a big face from me  
Tell my nigga pass that Swisher, so I can roll up this  
weed  
Gently fillin' up wit weed, put that joint to that sweet  
Then my nigga looked at me, then we started to repeat

Yo, I be smokin' out daily, maybe get up on some hazy  
Then remote and faded baby, 'cause you niggas drive  
me crazy  
Still a lady when I'm escalated maybe with my peeps  
Bobby Brown smoky niggas know not to even step to  
me

When I'm high I ain't gon' lie, I'm feeling freaky up  
inside  
You wanna keep it on the low, I put my truck on the  
other side  
Nigga nigga what'chu mean Gangsta Boo be on that

green

Looking good up on the scene, posted up, 'naw mean?

I'm so high

All I smell like is smoke

Yeah, that motherfucking green

Yeah, that got damn dope

I'm so high

All I smell like is smoke

Yeah, that motherfucking green

Yeah, that got damn dope

I'm so high

All I smell like is smoke

Yeah, that motherfucking green

Yeah, that got damn dope

I'm so high

All I smell like is smoke

Yeah, that motherfucking green

Yeah, that got damn dope

Gone on the pills I pop, yes I break out a lot

Smoke too much hydro-crop, I'm takin' it up a notch

The B U H I T E, it does stranger things to me

I'm paralyzed from the P, I'm tootin' up 'cause of thee

Narcotic for cocoa plants, I sniffed up an avulanch

I'm goin' into a trance, da deadliest demon man

Scarecrow, Kaiser Soze, yo pass me that salsa tray

Or pass me a blunt, or hey I wanna just drift away, drift  
away

I be smokin' more muthafuckin' weed than chief

Yeah, I hear ya saying satanic prays over dead bodies

Boy I think this girl done got me crazy, these niggas

got me doped

Gotta blaze a blunt into me fo, just take me to the

chiefin' room

Fuck the city with the chicken, chief the chicken, roll the  
chicken

Smoking got the chicken out there dirty, with a lot of  
sticky

Hear me this and I think I blewed a gram

Now I'm seein' me a little silhouette of a mind

Yeah, that mothafucking green

Yeah, that mothafucking green

Yeah, that mothafucking green

Yeah
