I puts five to the tail, I smokes till it is no mo  
I fuss wit this hotel, I gots towels to the do'  
I fuss wit' this freaky hoe that's down fo' the dicky flo'

I'm blazin' this sticky but never mixing it wit my coke  
This one right here for the nose, this one right for the  
smoke  
This one right here for the dollars, this one right here  
roll the blunt  
I'm taking Six from the stix, I'm wildin' like niggas stunt

First you get the swishers, second buy the liquor  
Third buy some of that sticky, most smokers call it  
sticker  
Can't forget the Newport, suckin' on my Too Short  
Call my nigga Big Tris, bring that blow and snizort

Oh please, oh please, oh please, just give me just one  
mo' hizzle  
This hydro weed I got some, I might blow you a  
shotgun  
But if you can't play hizzap, I guess yo ass don't want  
none

Yeah, that motherfucking green  
Yeah, that got damn dope

I'm so hi, all I smell like is smoke

Yeah, that got damn dope

I'm so hi, all I smell like is smoke  
Yeah, that motherfucking green  
Yeah, that got damn dope

I'm so hi, all I smell like is smoke  
Yeah, that motherfucking green

Give me weed, give me green, give me somethin' wit  
no seed  
Give me somethin' I can break down wit, no sticks or  
unstamy  
It don't makes no D if it's [unverified] or dat bud  
Just give it give it to me and my hand will fill it up

In yo hand you receive is a big face from me  
Tell my nigga pass me that swisher, so I can roll up this  
weed  
Get me fiending up wit weed, put that joint to that  
sweet  
Then my nigga looked at my me, then we started to  
repeat

Yo, I be smokin' out daily, maybe get up on some hazy  
Then remote and faded baby 'cause you niggas drive  
me crazy  
Still a lady when I'm escalated, faded with my peeps  
Bobby Brown smokin' niggas know not to even step to  
me

When I'm high I ain't gone lie, I'm feeling freaky up  
inside  
You wanna keep it on the low, I put my truck on the  
other side  
Nigga, nigga, whatchu mean Gangsta Boo be on that  
green?  
Looking good up on the scene, posted up know what I  
mean

Gone on the pills after [unverified], yes I break out of  
the lot  
Smoke too much hydro puff, I'm takin' it up a notch  
[Unverified] Too me you ain't got to eat [unverified]  
[Unverified] And the stranger thinks of me [unverified]  
I'm paralyzed from the P, I'm shootin' up 'cause of thee

Bacardi for cocoa plex, I step up and now he letched  
I'm going in to a trance, da deadliest demon man  
You thus as the Sosate say, yeah pass me that saucer  
tray  
Or pass me a blunt of hay, I wanna just drift away, drift  
away

I be smokin' on motherfuckin weed and chiefin' out  
Hear me saying satanic prays, let her suck my dick  
Fo' this girl drive me crazy, these niggas got me doped  
Gotta blaze a blunt into me, fo' just take me to the  
chiefin' room

Fuck the city with the chicken, chief the chicken, roll the  
chicken  
Smoking got the chicken out there dirty with a lot of  
sticky  
Hear me this and I think I blowed a pound  
Now I seen me a little silhouette of mine
