This is the song of all songs this like a weed song
A blow song, a 'Surp' song
Like wrapped all in to one ma'fuckin song
Shit I mean you could play this shit at a weddin'

Play this shit at a barbeque
You could play this shit at a restaurant
At a fuckin' school
I mean this is the song of all songs

Let me hit that nigga, let me hit that weed
Let me sniff that nigga, let me sniff that P
Let me sip that nigga, let me sip that lean
'Cause I'm a fiend nigga fuck with me

Let me hit that nigga, let me hit that weed
Let me sniff that nigga, let me sniff that P
Let me sip that nigga, let me sip that lean
'Cause I'm a fiend nigga fuck with me

I'm a mothafuckin' fiend for that Mary Jane
And if you got it than you got me man
I promised my smokin' is out of the frame
And I ain't gon' even try to play ya man

Can ya let me get some weed see my check ain't
came?
And a nigga like me I ain't playin' games
I need that Mary Jane, I need that Mary Jane
Like a junkie need crack run through the veins

See niggas takin' pills, I mean they poppin' 'em man
But can y'all niggas code name some names
Who holla perkacin' we holla X man?
I pop a full bottle now I'm outta the frame

See if you got sales then you got game
Now all you need now is a freaky lil' thang
To get on her knees and bless ya thang
This hard hittin nigga will make ya smoke it man

Let me hit that nigga, let me hit that weed

Let me sniff that nigga, let me sniff that P
Let me sip that nigga, let me sip that lean
'Cause I'm a fiend nigga fuck with me

Let me hit that nigga, let me hit that weed
Let me sniff that nigga, let me sniff that P
Let me sip that nigga, let me sip that lean
'Cause I'm a fiend nigga fuck with me

I swear gettin' high in the '05 is too high
And plus now I got three kinds I gotta buy
I heard back in the day you gotta pay to play
But that and a lot of weed will make ya mask your pace

So you go out and get it ya gotta have it can't leave
without it
You doubt it ya hit it ya outty bout to dream about it
And that's a promise that you can believe if you got
cheese
Ya outta cheese three different kinds of weed

We get high on a daily regular basis
We get drunk all shook we in the matrix
My vision's slurred from the sizzurp I'm crazy
I wanna have a Whoopi Goldberg, baby

I mean she got it good she whole and is a lady
I put a bag over her face 'cause it don't phase me
I'm just a gigolo just tryin to get a baby
Maybe it's the drugs I'll tell ya you can't play me

Let me hit that nigga, let me hit that weed
Let me sniff that nigga, let me sniff that P
Let me sip that nigga, let me sip that lean
'Cause I'm a fiend nigga fuck with me

Let me hit that nigga, let me hit that weed
Let me sniff that nigga, let me sniff that P
Let me sip that nigga, let me sip that lean
'Cause I'm a fiend nigga fuck with me
