I'll be damned
Aye, this my favorite motherfuckin' song on the album,
mayne
You know what I'm sayin', it's a weed song, a pill song
All wrapped into one man, weed, blow and pills
Man let's go

Weed, blow, pills, what we slangin'
Weed, blow, pills, what we fightin' fo'
Weed, blow, pills, what we live fo'
Weed, blow, pills, what we get high all day on

Weed, blow, pills, what we slangin'
Weed, blow, pills, what we fightin' fo'
Weed, blow, pills, what we live fo'
Weed, blow, pills, what we get high all day on

Rappers get so high like they Tony Montana
Voice be so damn slurred, talkin' ghetto hood
grammar
Need to take a seat when you takin' all them pills
Passed out on the street, your body rollin' downhill

This dope got my voice soundin' like I'm chopped and
screwed up
Dope got my voice soundin' like I'm chopped and
screwed
This dope got my voice soundin' like I'm chopped and
screwed up
Dope got my voice soundin' like I'm chopped and
screwed

This dope got my voice soundin' like I'm chopped and
screwed up
I can't stand on my feet, so I'm crawlin' to this cooler
So just to get a girl I gotta keep my buzz flowin'
You wanna get high with me man, keep this shit potent

Weed, blow, pills, what we slangin'
Weed, blow, pills, what we fightin' fo'
Weed, blow, pills, what we live fo'
Weed, blow, pills, what we get high all day on

Weed, blow, pills, what we slingin'
Weed, blow, pills, what we fightin' fo'
Weed, blow, pills, what we live fo'
Weed, blow, pills, what we get high all day on

Yes sir, I grab me a gram up out the drawer, I break it,
break it down
Keep it in plastic, I hit it hard, shake it shake it down
Grind it down fine, chop it up, make it powdery
Cut it into lines on the plate with the razor-y

Razor-y, listen closely, must be done on smooth
surfaces
No wood, you get the splinters in your noses
Get the straw, cut it short, slant it at the end
Two inches long, now you're good, go on dig in

If it's your first time you probably won't feel it
Don't worry about it 'cause it might take a minute
Before I leave I got some more advice to tell
Rub it on a hoe clit, make her cum like hell yeah

Weed, blow, pills, what we slingin'
Weed, blow, pills, what we fightin' fo'
Weed, blow, pills, what we live fo'
Weed, blow, pills, what we get high all day on

Weed, blow, pills, what we slingin'
Weed, blow, pills, what we fightin' fo'
Weed, blow, pills, what we live fo'
Weed, blow, pills, what we get high all day on

Weed, weed, weed, weed
Blow, blow, blow, blow
Pills, pills, pills, pills
Pills, pills, pills

Weed, weed, weed, weed
Blow, blow, blow, blow
Pills, pills, pills, pills
Pills
