Holding us together then we're tearing us apart  
It's tragic then it's beautiful  
We shine and then it's dark  
Feeling like a little kid because I can't let go

Every time I think about  
The things that I can't live without  
Well, I must love the pain

Misunderstood and complicated  
Happiness is overrated  
I must love the pain

Every time you draw me in  
I take a step away  
Maybe I'm just restless  
'Cause I want what I can't take

It's a shame that nothing else on earth  
Can make me feel this way

Oh, every time I think about  
The things that I can't live without  
Well, I must love the pain

Misunderstood and complicated  
Happiness is overrated  
I must love the pain

Feelin' like a little kid because I can't let go

Oh, every time I think about  
The things that I can't live without  
Well, I must love the pain

Misunderstood and complicated  
Happiness is overrated  
I must love the pain

Well, I must love the pain  
I do love the pain
