Today I write in my book  
Dear God I need a change  
I can't keep hiding  
Wishing the mirror's lying

Show me where do I look  
I know there must be a plan  
Though I can't see one  
I go through the motions anyway

Here I go again  
Walking down a road I've never known

I want to go where lovers meet  
I want to breathe the air they breathe  
I want to touch the dreams they dream  
When I find someone to love  
I want to go where lovers  
Where lovers meet

I know my faith is blind  
I'll take my chances  
I'm tired of just surviving  
I'm not wasting any time

Just like tears in the rain  
No one can see  
Inside my heart is crying  
Telling me I can't lie any more

Here I go again  
Walking down a road I've never known

I want to go where lovers meet  
I want to breathe the air they breathe  
I want to touch the dreams they dream  
When I find someone to love

I want to go where lovers meet  
Feel the wind beneath my feet  
Oh, I want to feel that complete  
When I find someone

I spent half my life  
Wasting my time  
I don't want to hear  
My heart beating alone, oh

I want to go where lovers meet  
I want to breathe the air they breathe  
I want to touch the dreams they dream  
When I find someone to love

And I want to go where lovers meet  
Feel the wind beneath my feet  
Oh, I want to feel you that complete  
When I find someone

I want to go  
I want to go where lovers meet  
I want to go  
I want to go where lovers meet
