One for each other and all for one
the Three brave Amigos are we
Brother to Brother and everyone
A brave amigo
Fighting for justice and liberty
where ever you find is where we will be
for the three brave amigos are we

We are the three Amigos
We are the three Amigos

Over the mountains across the plains
the three brave amigos are we
Stamping out evil till none remains
the brave amigos
the three brave amigos
Where ever they meet us our destinys lead us
amigos we are always together
where ever we go we're three brave amigos
and we'll be amigos forever

We are the three Amigos
We are the three Amigos
We are the three Amigos
and amigos forever we'll be
