From the moment i saw your face
my life was changed forever
i couldn't deny the feelings inside my heart [my heart]

like the rainbow after the rain
your light shines thru and heals all my pain
you're all that i need, and i'll know you'll always be

forever in my heart, you're the only one im thinking of
i could spend all of my days with you
yes it's true, forever, forever in my heart

you've shown me love in a special way
with trust and understanding
my life was so empty, until i layed eyes on you [on you]

like the rainbow after the rain
your light shines thru and heals all my pain
you're all that i need, and i'll know you'll always be
forever in my heart, you're the only one im thinking of
i could spend all of my days with you
yes it's true, forever, forever in my heart
you're the only one im thinking of
yes it's true, forever, forever in my heart

[talking]

when there's a time,[when there's a time] when
we're together [when we're together]
when we're apart, it seems like forever

you'll be forever, forever in my heart.....

forever in my heart, you're the only one im thinking of
i could spend all of my days with you
yes it's true, forever, forever in my heart.....
