You might say she started out
Without what folks round here
Call a fair shake
A little girl with no shoes on her feet
Tangled hair
Not a nickel to her name
And not a care

But no matter what
Her smile came shining through

CHORUS

Cause a rose is a rose is a rose
And everybody knows a little
Sunlight and room to grow was all she needed
And seeing her face in town was like
Spring time coming around, well
I guess it just goes to show
A rose is a rose is a rose

Tommy Lee always knew
What he would do
Cause she moved him deep down in his heart
And everybody smiled at such a pair
Could they last
With two different worlds
And sides of the tracks

But no matter what
Their love comes shining through

Chorus

A rose is a rose is a rose
And everybody know a little
Sunlight and room to grow was all she needed
Seeing her facing town was like
Spring time coming around, well
I guess it just goes to show
A rose is a rose is a rose

A rose is a rose,
It always finds a way to shine

Beauty is a state of mind

And seeing her face in town was like
Springtime coming around, well
I guess it just goes to show
A rose is a rose is a rose
