I know sometimes this world's so unkind  
And it's hard to find one true friend  
When all of your dreams  
Are scattered like leaves in the wind  
But trust me, don't ever doubt  
I promise I won't let you down

Just reach, reach, reach out to me  
And I'll be there, all that you've got to do  
Is reach, reach, hold out your hand  
I won't let go  
This love's ready to begin  
The answer is just within your reach

I feel that I've known you long enough now  
And I don't need to play childish games  
So I say these words to you  
Believing they won't be in vain  
And someday we'll look back and laugh  
At all of this wasted time, baby

Reach, reach, reach out to me  
And I'll be there, all that you've got to do  
Is reach, reach, hold out your hand  
I won't let go  
This love's ready to begin  
The answer is just within your reach

And you'll never wonder what you mean to me  
This flame will always live on  
And now every moment forever you'll be  
The only one I'll ever want

Just reach, reach, reach out your hand  
And I'll be there, all that you've got to do  
Is reach, reach, hold out your hand  
I won't let go  
This love's ready to begin  
The answer is just within your reach

This love's ready to begin  
The answer is just within your reach
