It's 2:00 am and the nights only begun  
Will this be a fist fight or our best case of amnesia?  
Make these tables your ballroom floors  
And dance like there's no one watching you

The best nights of our lives are the ones that we'll  
never remember  
The nights we sang along  
In off key harmonies  
They always say that "no one lives forever" but tonight  
we'll prove them wrong

Drink this down and drown your hopeless mood  
And for once in your life breathe in and tell the truth  
These drunken words are sober thoughts; the  
masquerade was all I bought  
When nights turned into mornings, friends turned into  
family

Here's our second chance at a last regret in foreign  
sheets where  
Summer wind breathes so calm and takes the place of  
these nervous heart beats  
Cut the small talk, let's get down to business  
Standards low on ground that's paper thin

The day breaks all of our mistakes, the ones  
I could taste on the tip of your tongue,  
We'll always be the same  
They always say that "no one lives forever" but tonight  
we'll prove them wrong  
(Tonight we sing along)

Drink this down and drown your hopeless mood  
And for once in your life breathe in and tell the truth  
These drunken words are sober thoughts; the  
masquerade was all I bought  
When nights turned into mornings, friends turned into  
family

Tip your glass let's paint this fucking town  
In off key harmonies

Here's a toast for when we hit the ground  
When we hit the ground

We'll always  
Stay young

Drink this down and drown your hopeless mood  
And for once in your life breathe in and tell the truth  
These drunken words are sober thoughts; the  
masquerade was all I bought  
When nights turned into mornings, friends turned into  
family

Tip your glass let's paint this fucking town  
In off key harmonies  
Here's a toast for when we hit the ground  
When we hit the ground

We'll always  
Stay young
