Just let me say one thing  
I've had enough  
You're selfish and sorry  
You'll never learn how to love  
As your world disassembles  
Better keep your head up

Your name, your face  
Is all you have left now  
Betrayed, disgraced  
You've been erased

So long, so long  
I have erased you  
So long, so long  
I've wanted to waste you  
So long, so long  
I have erased you  
I have escaped  
The bitter taste of you

Just let me clear my head  
I think I've had too much  
You're so disappointing  
But you make good use of it  
As your world disassembles  
Better keep your head up

Your name, your face  
Is all you have left now  
Betrayed, disgraced  
You've been erased

So long, so long  
I have erased you  
So long, so long  
I've wanted to waste you  
So long, so long  
I have erased you  
I have escaped  
The bitter taste of you

Your name, your face  
Is all you have left now  
Disgraced, betrayed  
You've been erased

So long, so long  
I have erased you  
So long, so long  
I've wanted to waste you  
So long, so long  
I have erased you  
I have escaped  
The bitter taste

I have escaped  
The bitter taste of you
