"I Hate"

Every time we lie awake

After every hit we take

Every feeling that I get

But I haven't missed you yet

Every room I get awake

Every sigh and scream we make

All the feelings that I get

But I still don't miss you yet

Only when I start to think about it...

I hate everything about you

Why do I love you

I hate everything about you

Why do I love you

Every time I lie awake

After every hit we take

Every feeling that I get

But I haven't missed you yet

Only when I start to think about it...

I hate everything about you

Why do I love you

I hate everything about you

Why do I love you

Only when I start to think about you I know

Only when you start to think about me do you know

I hate everything about you

Why do I love you

You hate everything about me

Why do you love me

I hate

You hate

I hate

You love me

I hate everything about you

Why do I love you
