I always knew that you'd come back to get me  
And you always knew that it wouldn't be easy  
To go back to the start to see where it all began  
Or end up at the bottom to watch how it all ends

You tried to lie and say I was everything  
I remember when I said "I'm nothing without you"  
I'm nothing without you

Somehow I found a way to get lost in you  
Let me inside  
Let me get close to you  
Change your mind  
I'll get lost if you want me to  
Somehow I found a way to get lost in you

You always thought that I left myself open  
But you didn't know I was already broken  
I told myself that it wouldn't be so bad  
But pulling away it took everything I had

You tried to lie and say I was everything  
I remember when I said "I'm nothing without you"  
I'm nothing without you

Somehow I found a way to get lost in you  
Let me inside  
Let me get close to you  
Change your mind  
I'll get lost if you want me to  
Somehow I found a way to get lost in you

In you  
The pain of it all, the rise and the fall  
I see it all in you  
Now everyday I find myself saying  
"I want to get lost in you"  
I'm nothing without you

Somehow I found a way to get lost in you  
Let me inside  
Let me get close to you

Change your mind  
I'll get lost if you want me to  
Somehow I found a way to get lost in you  
A way to get lost in you
