Thinking to myself  
That I have done something wrong  
That I have crossed the line  
Have you found out this time  
I lead you to believe it's only you and me  
Do you see it in my eyes?  
Have you found out this time?

You see right through me  
'Cause you're running away  
You keep turning your back on me  
I tried so hard but you're running away  
Please don't turn your back on me

I'm drinking by myself  
I know I'm going down  
But will you pick me up  
Or will you leave me on the ground  
I lead you to believe it's only you and me  
I can see it your eyes  
That you found out this time  
You see right through me  
'Cause you're running away  
You keep turning your back on me  
I tried so hard but you're running away  
Please don't turn your back on me

Don't just turn and walk away  
I can learn from my mistakes  
Don't throw everything away

You see right through me  
'Cause you're running away  
You keep turning your back on me  
I tried so hard but you're running away  
Running away

You see right through me  
'Cause you're running away  
You keep turning your back on me  
I tried so hard but you're running away  
Please don't turn your back on me
