What? like this!

You said your words, we've played our parts
It was over when you woke up
All your useless words don't scare me...
I won't play your pictionary...
Like this...

All your useless words don't scare me!
I won't play your pictionary!
Take me!
Break me!
Sit down, are you ready for this?
Shut up, are you ready for this?
Stand up, are you ready for this?

So you think you know how this story goes
You're all invited by
By something as good as me
You're frightened by my sentiment
What do you want to be?

All your useless words don't scare me!
I won't play your pictionary!
Take me!
Break me!
Sit down, are you ready for this?
Shut up, are you ready for this?
Stand up, are you ready for this?

All your useless words don't scare me!
I won't play your pictionary!
To stretch the thought a mile
You sit among my people
And I say not today
Somewhere... you're floating high. you're not living, we
are
Somewhere, someone's gun... someone's gun is lafin!
You ready for this! uh? are you ready for this?
Uh? are you ready for this! just shut up!

I won't play!
