A storybook feeling about you
Foretells the happiness that could be
So dry those brown eyes that I'm kissing
And maybe you'll think you love me
You've always known I was your best friend
Sometimes I've needed your comfort, too
So don't worry about tomorrow
Cause baby I'll be loving you
I've got time to share no matter what the season
I'll be there you'll be my every reason
Someday I'll be your man.
Funny girl, my heart is not for teasing
In this world, that God made so deceiving
Someday you'll look around and maybe you'll be loving
me
I've got time to share no matter what the season
I'll be there you'll be my every reason
Someday you'll see that I've been loving you
Maybe you'll love me
Maybe you'll think you love me
Look around, look around, look around
I'm in love, look around, look around, look around,
Look around, look around, look around
