I told you I was hurt
Bleeding on the inside
I told you I was lost
In the middle of my life

There's times I stayed alive for you
There's times I would've died for you
There's times it didn't matter at all

Will you help me find the right way up
Or let me take the wrong way down
Will you straighten me out
Or make me take the long way around
I took the low road in
I'll take the high road out
I'll do whatever it takes
To be the mistake you can't live without

Standing in the dark
I can see your shadow
You're the only light
That's breaking through the window

There's times I stayed alive for you
There's times I would've died for you
There's times it didn't matter at all

Will you help me find the right way up
Or let me take the wrong way down
Will you straighten me out
Or make me take the long way around
I took the low road in
I'll take the high road out
I'll do whatever it takes
To be the mistake you can't live without

We'll I'm not gonna give it away
Not gonna let it go just to wake up someday
The worst part is looking back
And knowing I was wrong

Help me find the right way up
Or let me take the wrong way down
Will you straighten me out
Or make me take the long way around

I took the low road in
I'll take the high road out
I'll do whatever it takes
To be the mistake you can't live without

I'll do whatever it takes
To be the mistake you can't live without
