Hijacked when you weren't looking  
Behind your back people are talking  
Using words that cut you down to size

You want to fight back  
It's building inside you  
Holding you up  
Taking you hostage  
Yeah, it's worth fighting for

They'll try to take your pride  
Try to take your soul  
They'll try to take all the control  
They'll look you in the eyes  
Fill you full of lies  
Believe me they're gonna try

So when you're feeling crazy  
And things fall apart  
Listen to your head  
Remember who you are

You're the one  
You're the unbreakable heart (x3)

Hijacked when you weren't looking  
Behind your back people are talking  
Using words that cut you down to size

You want to fight back  
You're out in the open  
You're under attack  
But your spirit's not broken  
You know it's worth fighting for

They'll try to take your pride  
Try to take your soul  
They'll try to take all the control  
They'll look you in the eyes  
Fill you full of lies  
Believe me they're gonna try

So when you're feeling crazy  
And things fall apart  
Listen to your head  
Remember who you are

You're the one  
You're the unbreakable heart (x3)

Don't look them in the eyes  
Believe me they're gonna try  
To fill you up with lies

They'll try to take your pride  
Try to take your soul  
You're the one, you're the one  
They'll look you in the eyes  
Fill you full of lies

You're the one  
You're the unbreakable heart (x3)
