Be like that, why cant we, u and me, we just
Be like that, more than friends, more than weve ever
been
Be like that, stop (stop..stop)

Verse 1:

Big feeling feelin since weve been healin, I wont lie
Caught up in good as it should as _____ all of my pride
Keep up the heads and the moment be there, I wont
blush
Cant keep this secret much longer when its you that I
want
Cant keep my, eyes off ya, cant keep my, mind off of
ya
I cant keep this love all to myself
Can this, be right, can it be, all the night
Tell me what u wanna do, cuz Im trying to deal with u

Chorus:

Be like that, why cant we, u and me, we just
Be like that, more than friends, more than weve ever
been
Be like that, stop the shyness, the frot and its all about
lovin u
Be like that, why cant we, u and me, be like that

Verse 2:

You act like you dont know, whats going on
To thinkin of a girl could be cuz thats where youre

I cant keep this love all to myself

Maybe youre wrong, for comin on so strong
But the love we had as friends has really grown
Everything I can want u, bring to my life
Happiness, peacefulness, joyfulness
