There's some things on my mind
I don't know that I should be thinkin'
Am I wastin' my time thinkin' 'bout
You and I, and these feelings
Cuz I see you and me holdin' hands
Doin' things, goin' further
But they say we're too young
And those things will come
I'm just curious

[1] - When can I touch you?
When can I kiss you?
I'm curious
Nothin' more than a girl
Comin' straight from the heart
I'm just feelin' us

Thinkin' 'bout you and me
Thinkin' 'bout how it feels
I'm curious
I just wanna know what
True love is, though
I'm just feelin' us

On the phone in my bed
On my back, starin' at the ceiling
When I'm talkin' to you
What I feel, is it true?
I'm wondering
Well I tell it, and I
What I feel deep inside
It keeps burning
Does my man understand
Everything that I am
I'm just curious
I'm just curious

[Repeat 1]

If I could have things my way
We'd go pass time

Maybe we'd do the things
I'm thinkin' in my mind
And all the things I want to know, I'd know
The places we'd explore, I'd go
But now I see us both together
Learnin' more about each other

[Repeat 1]

[Repeat 1]

You know boy
We both know that we have a thing for each other
And it's natural for us to both wonder
What it would be like
But the time is not right
And I hope you're satisfied
Because I'm satisfied
Just bein' curious

I can't get you off my mind

[Repeat 1 to fade]
