

Three Miles Out "Break Me"

Visit "[Break Me](#)" on MotoLyrics.com

You'd burn my eyes out if you could
You tore my heart out where I stood
Leave me broken down, on my knees, you watched me
suffer
Bleed my heart out if you could.

Break me, break me down
I've lost control of myself and I can't hold out

I'd rip my mind out if I could
I'd turn my feelings inside out
Now it's your turn to get down on your knees, and I'll
watch you suffer
Bleed your heart out you know I should.

Break me, break me down
I've lost control of myself and I can't hold out.
Break me, break me down
I'm afraid of what I'll do when you break me down

Breakdown, breakdown, breakdown, breakdown

(Chorus #2)
