

Three Miles Out "Comfort Zone"

Visit "[Comfort Zone](#)" on MotoLyrics.com

Well I lost my mind, I don't mean to blame you y'know,
but I miss myself

The way things were they always seemed to turn out
fine, so fine

And now the world is closing in
My comfort zone is growing thin

I don't know where it stops and where it begins

Sara, tries hard to tell me all the things I already know
She knows that it won't be easy
It won't be easy at all

I can't find the time, to do the things I like to do
Because I fall behind
I'm too afraid of what I'll lose if I reveal myself, oh
myself

And now the world is closing in
My comfort zone is growing thin
I don't know where it stops and where it begins

Sara, tries hard to tell me all the things I already know
She knows that it won't be easy
It won't be easy at all

Sara, tries hard to tell me all the things I already know
She knows that it won't be easy
It won't be easy at all

Well I lost my mind, I don't mean to blame you y'know,
but I miss myself

The way things were they always seemed to turn out
fine, so fine

And now the world is closing in
My comfort zone is growing thin

I don't know where it stops and where it begins

Sara, tries hard to tell me all the things I already know
She knows that it won't be easy
It won't be easy at all

Sara, tries hard to tell me all the things I already know

She knows that it won't be easy
It won't be easy at all

Well I lost my mind
